NEWS FROM THE TIMBERZOO APRIL - MAY 2005

HARDWOOD DECKING ¾ AN EXPANDED RANGE

Traditional Timberzoo customers know we don't stock much in standard 65mm decking, plus we like the longevity of hardwoods. So it's all wide hardwood decking here. Now that might be a timely call to the rest of you that there is something different out there for the sort of decks and screens we want to build in this new millennium. The range has expanded even more to include durable reds!!

Recycled Stringybark (mixed species) 75x19mm	$49.00/m2
KD Yellow Stringybark 85x19mm	$49.00/m2
KD Silvertop Ash 85x19mm	$49.00/m2
KD Fremantle Reds 85x19mm (Jarrah, Karri)	$55.00/m2
Wharfdeck 140x32mm (class 2s)	$70.00/m2

Screenings. Time to use both your imagination and a leftover resource. We have acres of 50x35mm rippings in stock that some architects have used for screens and pergola sun battens. That Bali-look in weathered rough-sawn at 50c/m or dressed at $1.65/m. Already denailed. Shame not to use it.

POSTS ¾ LATEST STOCKS

Urban demolition has yielded some good 200x200mm; 225x225mm **Douglas fir** posts, as well as **Jarrah** 200x150mm. Of greatest curiosity are some recycled **Baltic** pine posts 300x300 (2.4 to 5.9m long) which we imported from Latvia in a mad moment. No breakdown saw has ever touched these bearers. The surface shows they were hand adzed from the round. We still have existing stocks of **Messmate** 200x200mm; 180x180mm, 250x150mm and 220x170mm **Yellow Stringybark** bridge timbers.

ECO-HOME NOW OPEN

The Barwon Water ecologically-sustainable display home at Sharland Oasis is now open Saturdays to Mondays during the afternoons. Timberzoo supplied large-section cypress posts, decking, flooring, benchtops, stair balustrades and landings to the project. See them in context at 7 Lomandra Drive, Hamlyn Heights. You will see the sign to the left off the Ballarat Rd as you cross Vines Rd. The website for the project is www.barwonwater.vic.gov.au/sharlandoasis
